# World Wide Workshop
# Globaloria Research Proposal

**Dear Researcher or Research Team:**

Thank you for your interest in conducting Globaloria Research and joining our network of
Globaloria Research Partners. All research proposals submitted to the World Wide Workshop are
reviewed in detail. Researchers whose proposals are accepted must agree to the terms and
conditions outlined at the end of this document.

Please answer the following questions completely and thoroughly, and attach the requested
appendix items; if a proposal is partially completed, questions are not answered, or
survey/interview questions are not provided, your proposal will be returned for revision.
(You may be asked to provide further details about your project before a final decision is made.)
.

**PART ONE: Contact Information and Proposal Overview**

1. Date:
2. Name:
3. Telephone number:
4. Email address:
5. University/College/Organization affiliation (including department/program and title):

6. Title of research project:
7. Desired start date:
8. Short description of study (one to two sentence)

9. Who is funding your study?

10. If you are requesting a stipend from the World Wide Workshop, please attach a detailed
    budget that aligns with deliverables.

| 11. Who is the audience of your project? | Academics | School Administrators |
|---|---|---|
| Educators | Tech Industry | Funders |

| 12. Who are the study participants? | Middle School | High School |
|---|---|---|
| College | Educators | School Leaders |

**PART TWO: Research Study Information**

1. What is the overall purpose of your study? *(250 words max)*

2. Who is the intended audience of your research? (*100 words max)*

3. Please respond to the following questions.

    a. What is the significance of your research to the academic field you are in? *(200 words max)*

    b. What are the anticipated benefits and significance of this research to the World Wide Workshop? *(150 words max)*

c. List your research questions and how they relate to the existing literature on the subject. *(100 words max)*

d. List your hypotheses. *(100 words max)*

4. Where will your data come from or what will you data set be comprised of? *(100 words max).* Please note that if you will need to access data from the World Wide Workshop database, please refer to the attached list of available data, and indicate what data you will need using the attached Data Request Form.

5. Explain your research design, including number of participants and sampling methods (if any)? *(250 words max)*

*6.* Explain your intended method of data analysis? *(100 words max)*

7. Where are you likely to publish your findings? *(50 words max)*

8. Where are you likely to present your findings? *(50 words max)*

**PART THREE: IRB Questions**

1. What are the risks in this study for the participants? *(100 words max)*

2. What are the participant's rights if they take part in the study? *(100 words max)*

3. What will be done to assure the confidentiality of participants? *(100 words max)*

4. Will you be receiving an IRB through your own institution? *(100 words max)*

**PART FOUR: Addendum**

Please attach the following:

1. Copy of your survey instruments(s), or list the survey or interview questions you intend to ask participants.
2. Abstract of your paper
3. Timeline that includes dates and deliverables
4. Budget spreadsheet
5. Data request form (if applicable)

**PART FIVE: AGREEMENT**

Submitting a research proposal to World Wide Workshop indicates that you agree to the following statements and will adhere to the guidelines accordingly, and you understand that failure to comply may result in withdrawal of your research approval.

1.  [When Applicable]: I understand that I must submit my literature review, dissertation proposal or prospectus, references, and biography once my proposal has been approved by my dissertation committee.
2.  [When Applicable]: I understand that I must submit my research for IRB approval prior to commencing research and that I must submit a copy of the approval letter to World Wide Workshop.
3.  [When Applicable]: I understand that I will need to complete a Non-Disclosure Agreement prior to dissemination of data and/or information.
4.  I understand that throughout the duration of my project, I will update a designated person at World Wide Workshop via email, every month as to the status of my research project; and I will respond to emails from a designated person at World Wide Workshop within 48 hours.
5.  I understand that of any and all data collected and/or given to me must remain confidential and/or anonymous at all times before, during, and after the research is completed.
6.  I will send World Wide Workshop any publications, presentations, and the final dissertation which will be posted on the Workshop website reports page, and findings will be included in Workshop reporting.
7.  All publications and conference submissions about Globaloria must be submitted ahead of time to the World Wide Workshop for review. I will not use World Wide Workshop's name in any publications, presentations, or the final dissertation without prior approval.
8.  Any data or information gathered for this research project will be used solely for the project outlined above; I understand that additional research projects using this data and/or information will need to be approved by World Wide Workshop.
9.  I understand that I will have a pre-determined number of months from the date of approval to complete this research project; if additional time is needed, I will need to submit a request to World Wide Workshop for an extension with an explanation as to why an extension is needed and the new anticipated completion date.
10. I understand that World Wide Workshop may, at its discretion, post the abstract of my manuscript on their website and/or include it in their reporting.

**Idit Harel Caperton, PhD, World Wide Workshop**

**PART SIX: World Wide Workshop will assess your proposal using the following rubric**

- The overall purpose of the study is clear.

- The intended audience is identified.

- There is a demonstrated need for the research (either from a theoretical or practical point of view)

- The timeline of the project is clear.

- The research questions are relevant and clear.

- The research design is clear and appropriate.

- The proposed data analysis is appropriate.

- World Wide Workshop is able to provide the data requested and/or the data can be collected.

- The financial costs to World Wide Workshop are well-explained and minimal.

- If a stipend is provided, a detailed budget was included that is aligned with deliverables.

- Issues of confidentiality are sufficiently addressed.

- The survey/interview questions were included and support the research.

- **Final Recommendation:**
  ☐ Do not recommend
  ☐ Recommend with changes
  ☐ Recommend
